Tamil Nadu Civil Supplies Corporation reserves the right to pre-check the quality before loading of the RBD Palmolein oil. Further, to confirm the quality of stock supplied at godowns there may be a super check by TNCSC and / or by a contracted outside agency at random as per sampling method.

If the stock in the super check is found against the tender conditions and specifications of quality, appropriate action will be taken including black listing, forfeiture of Security Deposit and EMD, damage / loss recovery etc.,

Storage charges on “Rejected Stock” shall be charged at Re.1/- per corrugated box (10 pouches) per day until the period of removal after giving grace period of 5 days from the date of intimation of non acceptance over phone or through letter/e-mail / FAX copy from the region / godown. If within the stipulated time as prescribed by TNCSC, the entire rejected stock is not removed by the supplier from the godown, the Regional Manager / Godown Incharge will be at liberty to remove / dispose the stock at the risk and the cost of the supplier and the expense will be deducted from the Security Deposits and other payments due to the supplier.

23. ARBITRATION:

i) In case of any dispute in the SHORT E-TENDER including interpretation if any on the clauses of the tender or the agreement to be executed, the matter shall be referred by the Corporation / tenderer to an Arbitrator who shall be selected by the party from the panel of the Arbitrators approved by the Board of Directors of TNCSC and communicate the same within 15 days from the date of receipt of the letter from the Corporation along with the panel of the Arbitrators. If there is no reply from the tenderer within 15 days, Corporation shall choose any one of the Arbitrators from the panel of Arbitrators referred to above. The remuneration for the Arbitrator and other expenses shall be shared equally by the TNCSC and the party to the Arbitration.

ii) The venue of Arbitration shall be at the Head office of the TNCSC, Chennai. The decision of the Arbitrator shall be final and binding on both the parties to the Arbitration.

iii) The Arbitrator may with the mutual consent of the parties extend the time for making the award. The award to be passed by the Arbitrator is enforceable.

Signature of the Tenderer

(Name in Block Letter)

iv) Any other disputes arising out of the Arbitration award or any civil remedy for non- fulfillment of any of the terms and conditions of the Tender / Agreement shall be subject to the Jurisdiction of the Civil Courts at Chennai city only.

We agree to the above terms and conditions.

SHORT -E-TENDER REF.NO.BS3/18150/2022 (TNCSC/22-23/ET-14)

FORTIFIED RBD PALMOLEIN OIL SPECIFICATIONS - IS 8361 : 2014
(REAFFIRMED 2019)

REFINED PALMOLEIN:

The liquid fraction obtained by fractionation of refined palm oil or raw palm oil which has been neutralized with alkali, bleached with bleaching earth or activated carbon or both, and deodorized with steam, no other chemical agents being used. Alternatively deacidification, bleaching and deodorization may be done by physical means.

GRADES:

Material shall be of Refined. Refined Palmolein is suitable for direct edible consumption.

REQUIREMENTS:

DESCRIPTION:

The material shall be the liquid fraction derived by fractionation of palm oil obtained from the fleshy mesocarp of the fruits of oil palm (*Elaeis guineensis*) tree by the process of expression.

The material shall be clear and free from adulterants, sediment, suspended and other foreign matter, separated water, and added colouring and flavouring substances and shall have acceptable taste and odour. Only permitted antioxidants and antioxidant synergists not exceeding the quantities specified against each as prescribed under the *Food Safety and Standards Act, 2006* and regulations made there under, may be used, if required.

The clarity of the material shall be judged by the absence of turbidity after keeping the filtered sample at 40°C for 24 h.

The material shall be free from non-edible oils and adulterants when tested in accordance with **9, 10, 11, 12, 14, 15, 16** and **18** of IS 548 (Part 2).

The product shall not contain aflatoxin, more than 30 µg/kg, when tested by the method prescribed in IS/ISO 14718 or as prescribed in Annex A.

Metal contaminants and pesticide residues shall not exceed the tolerance limits as prescribed in the Food Safety and Standards (Contaminants, Toxins and Residues) Regulations, 2011.

Only permitted antioxidants and antioxidant synergists not exceeding the quantities specified against each as prescribed under the Food Safety and Standards (Contaminants, Toxins and Residues) Regulations, 2011, may be used, if required.

The material shall also comply with the requirements given in Table 1.

STANDARDS FOR FORTIFICATION OF PALMOLEIN OIL AS PER THE GAZETTE OF INDIA: EXTRAORDINARY [PART III - SEC. 4] MINISTRY OF HEALTH AND FAMILY WELFARE (FOOD SAFETY AND STANDARDS AUTHORITY OF INDIA) NOTIFICATION NEW DELHI, THE 2nd AUGUST, 2018.

Fortification means deliberately increasing the content of essential micronutrients in a food so as to improve the nutritional quality of food and to provide public health benefit with minimal risk to health.

Fortificant means a substance added to food to provide micronutrients but does not include nutraceuticals or foods for Special Dietary Uses.

Fortified food means a food, as specified under the Food Safety and Standards (Food Products Standards and Food Additives) Regulations, 2011, that has undergone the process of fortification as per the provisions of these regulations.

Micronutrients means essential dietary nutrients including vitamins, minerals or trace elements that are required in very small quantities and are vital to development, disease prevention and wellbeing of human beings.

Quality assurance means the systematic measures applied and steps taken by manufacturers and packers of fortified food throughout the manufacturing or packing process to ensure that the finished food complies with the provisions of the Act and regulations and standards specified there under.

Fortified Oil: Vegetable Oil shall be fortified with the following micronutrients, at the level given in the table below:

Sl. No.	Nutrient	Level of nutrient	Source of nutrient
1.	Vitamin A	6 µg RE - 9.9 µg RE per gm of oil	Retinyl acetate or Retinyl palmitate
2.	Vitamin D	0.11 µg– 0.16 µg per gm of oil.	*Cholecalciferol or *Ergocalciferol (*Only from Plant Source)

Note: Vitamin A (retinol): 1 IU= 0.3 µg RE (Retinol Equivalent); Vitamin D (Cholecalciferol or Ergocalciferol): 1 IU= 0.025 µg.

F+ Logo:

Every package of fortified food shall carry the words “fortified with Vitamin A and D” and the logo, specified in Schedule-II of these regulation, on its label.
